*Welcome to ADFAS Toowoomba news.*

### *From the Chairman's Desk*

My sincere appreciation to all Members who worked so hard to achieve the successful 30<sup>th</sup> Anniversary Celebration and to all Members, past and present, who attended and made it such a happy occasion.

Our first year Young Art Scholarship winner Aylish Ryan's violin performance was exquisite and enjoyed by all.

This year's raffle to fund the Scholarship will be drawn at the AGM/Christmas Party and tickets will still be available at the next lecture.

I wish to let you know that I have decided not to seek nomination as Chairman in 2020 for personal reasons. It has been an honour to serve the Toowoomba Society for 2 years and I have enjoyed very much the experience.

Nominations are sought for office bearers and committee -  
Chairman, Vice-Chairman, Secretary, Treasurer and committee members (minimum of 4 and up to 10). A few Committee members are stepping down after a number of years serving the Society, so please consider nominating and making a commitment to your Society. It is an enjoyable and rewarding experience, a good way to make new friendships and contribute to the wellbeing of your Society and the promotion of and appreciation of the Arts in our Toowoomba community. Tasks include Catering Coordinator, Newsletter Editor, Publicity, Membership Secretary.  
Speak to any current Committee member for additional information.

See you all at October lecture, 24 October at the Library Community Room.

Taisoo Kim Watson,  
Chairman

#### **'A Brazilian Odyssey: the Works of the Landscape Designer Roberto Burle Marx.'**

Our Speaker: Marilyn Elm presents our final talk in the 2019 series of lectures on cultural topics. She is a qualified landscape architect and interior designer and has been involved with art and design for over 40 years. Marilyn regularly runs summer schools and conducts garden tours in the UK.

Roberto Burle Marx - Brazilian Modernist. As a designer of the wavy, world-famous pavements of Rio de Janeiro's Copacabana Beach and a frequent collaborator with the architect Oscar Niemeyer, the Brazilian landscape architect Roberto Burle Marx (1909 - 1994) is hardly an obscure figure. However, he is remembered primarily for the 3000 landscape projects in which he combined an artist's instinct for abstraction with a naturalist's deep love of trees and plants, especially species native to Brazil.

Numerous species have been named after Burle Marx, such as the 'Heliconia hirsuta burle marxii'.

His garden designs broke away from the traditional use of European plants, neat hedges and cottage gardens. Instead he explored how the riot of colour and texture contained in Brazilian plants could be incorporated in private gardens and public spaces.

### 'Stylish Times - Art Deco Design and Building Decoration'

Since our Anniversary night on September 26, ADFAS members have indicated that the presentation by Christopher Bradley was one of their favourites for the year. Perhaps it was because the speaker had spent the day whizzing around Toowoomba taking photos of many of the Art Deco building facades, which we all recognized on the screen.

Kerry Saul, the General Manager of the Empire Theatre, was delighted to give Christopher, Sue and Don Dowe and David Nicholls a guided tour through the beautiful Art Deco building. David enjoyed the tour so much that he suggested that a 'members tour' could be considered. We will endeavour to make a guided tour for ADFAS members possible in the New Year. Thank you David.

## *Farewell Sandra Musgrave*

Most of us know the upheaval of moving home, but imagine how this upheaval dramatically increases when moving to another country. Our member Sandra Musgrave is currently experiencing this as she prepares to join her family in New Hampshire, USA.

Newer members may not realise Sandra's contribution to our society. She was our very first newsletter editor. She had been asked to tackle this task by then chairmen Liz Hudson because of her writing skills. She has published several books of short stories. A delightful recent one was her dog Mollie telling how she experienced life living with Sandra.

There is of course more to editing a newsletter than writing, but with the help of Laura Black, secretary at the time, she mastered those necessary skills. I am sure when she settles into her new community these skills will be put into action again.

For those who cannot put a face to the name: Sandra always looked well dressed, perfecting the "layered" look "to make me look more shapely" and cover up her very slight figure.

Always smiling or laughing and willing to help out when needed, Sandra will be missed by the numerous friends she has made in ADFAS Toowoomba over the years.

## *Speed Meet and Greet*

If you are interested in getting to know some of the other members, come along at 5pm before the next lecture on Thursday 24 October and mingle and enjoy the convivial atmosphere. A little bell will ring every five minutes to remind you to move on to the next person. Get to know your fellow ADFAS members

## *Raffle*

There are a few tickets left for our Annual Raffle and we will be selling them at the door before the next lecture.

The Prizes:

1. A 'Basket of Goodies'. Special thanks to Wendy Allen of MTA (Mobile Travel Agents).
2. \$100 voucher for the purchase of goods from Boaz Asian Food (Ridgeway Shopping Centre)
3. 6 bottles of very special 30th Anniversary Shiraz wine. Special thanks to Susan Powne.

Next year, we plan to raise funds for our young Arts programme through a donation system at the time of renewing membership or taking out a new membership. This system would replace the Annual Raffle. At the same time, we must acknowledge the generous donation of prizes over the years and the fun that we've had drawing the winning tickets.

## *Hosting Speakers*

Are you interested in hosting our speakers while they are in Toowoomba, or perhaps you would prefer to be on a stand-by basis? It is a most enjoyable chore as you meet the most interesting people. If you are the host, your partner can come along FREE for that particular evening. Dates for 2020 lectures are as follows -13 Feb (host not required), **12 March, 23 April, 28 May**, 25 June (host not required) 23 July (we have members hosting), **27 August, 24 September, 22 October**. Please contact the Secretary Susan Powne for further information and/or to record your interest. [susanpowne@bigpond.com](mailto:susanpowne@bigpond.com)

## *Suppers*

Consider volunteering to produce sandwiches or other goodies for supper after the lectures next year. Only one task is required, recipes are provided or suggested and the Society pays for ingredients by reimbursement. Prepared food is ideally delivered as soon as possible after 5pm on the lecture night. Some existing caterers have participated for many years and deserve to be relieved if they wish.
