

Young Arts ADFAS Blue Mountains

ADFAS Blue Mountains aims to promote the arts in local schools. To that end, we hold a raffle at each of our lectures. All funds raised, in recent years, has been offered to schools who have applied with a specific and clearly thought-out project in mind.

In 2021 we offered funding to four schools. Due to covid restrictions, it wasn't until 2022 that the schools were able to use their grant monies. Their diverse projects ranged from supporting singing groups, supplying dance costumes, purchasing stage backdrop and printmaking workshops.

We have had the opportunity to see one school's dancers performing recently and another school's choral group will entertain us with a cappella items before our AGM.
